

Once Off Adaptation
Works for Special Needs
Local Authority Tenants
Application Form

Cork
City Council
Comhairle Cathrach Chorcaí

Important information

It is important that you read the below information carefully.

Make sure that you have answered all of the questions fully where these are relevant to you and ensure that the medical report is completed by your doctor. Please note that only fully completed applications will be processed.

General Information

An application to adapt a Council house can be made by a tenant for the purpose of carrying out works that are reasonably necessary to render a house more suitable for the accommodation of a person with a disability.

Definition of Disability

Disability has been defined as a “substantial restriction in the capacity of the person to carry on a profession, business or occupation in the State or to participate in social or cultural life in the State by reason of an enduring physical, sensory, mental health or intellectual impairment.”

To confirm your disability, your GP must complete Part B on the application form and the Council will arrange for an occupational therapist home visit to assess your housing need. The Council may seek further information from your GP, other medical professionals, or disability services, if required, to assess your housing need.

Who May Apply?

The person with a disability must be the tenant, joint tenant, or member of the household whose residence in the dwelling has been approved by the Council and who is declared in the differential rent form for the purpose of rent assessment. The person with the disability must occupy the property as his or her normal place of residence, for a minimum period of two years before applying for adaptation works, unless circumstances have changed to the extent that the property no longer meets an accommodation requirement arising from the enduring physical, sensory, mental health or intellectual impairment of a household member which has changed since the tenancy was accepted.

To qualify for adaptations, tenant cannot have rent arrears in excess of 4 weeks rent. If the rent account is in arrears, the tenant must have agreed to a payment plan with the Rents Section and must have been compliant with the payment plan for a continuous period of 12 months prior to making an application and arrears must be cleared. If you wish to submit an application and your rent account is currently in arrears, please contact the Council’s Rents Section to resolve the matter prior to applying.

Prioritisation

Applications may need to be prioritised on the basis of the medical needs of the applicant. There are three general levels of medical priority identified

- Priority 1 Terminally ill or fully / mainly dependent on family or carer, or, where adaptations would facilitate discharge from hospital, or, alleviate the need for hospitalisation in the future.
- Priority 2 Mobile, but needs assistance in accessing washing, toilet facilities or bedroom etc. or where without adaptations the disabled person's ability to function independently would be hindered.
- Priority 3 Independent but requires special facilities to improve the quality of life e.g. separate bedroom / living space.

The works allowable under the adaptations scheme for a person with a disability can be varied and may include the provision of:

- Access Ramps
- Accessible Showers
- Downstairs Toilet Facilities
- Stair Lifts
- Adaptations to facilitate wheelchair users
- Extensions for ground floor facilities

Provision of adaptation works is subject to survey, feasibility, cost-effectiveness, budget and decision by the Council.

Moderate Adaptations

Moderate adaptations include work such as provision of access ramps, stair lifts and accessible showers in the existing bathroom and rails

Significant Adaptations

Significant adaptations include works such as provision of extensions and major internal adaptations. In order to ensure the best use of its housing stock the Council will protect its dwellings, where significant adaptations such as extensions and/or considerable internal modifications have been carried out, for future disability use. Therefore, following completion of the adaptation works these dwellings will be deemed special needs dwellings and will remain in the ownership of Cork City Council and cannot be purchased by the tenant, or any other person, under any Tenant Purchase Scheme, Incremental Purchase Scheme or any other Department Scheme.

A succession to the tenancy of these dwellings **will only be permissible if the person requesting succession requires an adapted dwelling**. In situations where member of the household no longer requires an adapted dwelling the Council will allocate an alternative dwelling suitable for his or her adequate housing.

Transfers

The Council will always consider the most cost-effective option to address the housing needs of the disabled person, which includes transfer to a more suitable dwelling. In situations where, following the adaptations, the dwelling would be under-occupied or continue being overcrowded, or where the required adaptations are not considered cost-effective the Council will seek to transfer the applicant to more suitable accommodation.

Use of your information

Personal and medical information obtained in your application form and in connection with the assessment of the application will be used for the following purposes

- Assessing your application
- Processing your application
- Determining the required adaptations
- Providing the required adaptations

Sharing your information

Personal information provided in connection with the application for adaptations may be shared with the below

- Your personal and medical information in the application form and / or medical information provided by other means will be shared with the Council's occupational therapist for the purpose of assessing your accommodation requirements.
- Your name, address and telephone number, recommendations made by the occupational therapist and the consent form signed by you will be shared with Council's housing technical section for the purpose of planning and carrying out the adaptation works.
- Your name, address and telephone number may be shared with an external contractor for the purpose of tendering and carrying out of adaptation works.

- Following completion of significant adaptations your consent form, if applicable, will be shared with Council's Rent Section and a copy will be placed in your tenancy file.
- Should you apply for transfer to more suitable accommodation instead of adaptation works, your medical information and occupational therapist assessment report may be shared with the Housing Allocations Section for the purpose of processing your transfer application.

Cork City Council may, in order to fulfil statutory or regulatory obligations, or in the public interest, from time to time, be required to have to share personal data with other organisations or entities.

Storage of your information

Your application form, information obtained in connection with the assessment of the application and all correspondence will be stored in your Disabled Persons Adaptations hard file and an electronic file. Access to your hard file and electronic file is restricted to approved staff members only.

Personal information and required adaptations will be entered into the database for disabled person's adaptations for analysis and storage. Access to the database is restricted to approved staff members only.
