# WELCOME TO YOUR SUMMER YOUTH CHALLENGE

## WHAT IS IT?

'We are Cork Summer Youth Challenge' is a series of exciting, fun challenges for young people to complete throughout the summer of 2020. There is a variety of challenges to choose from, all of which are non-competitive. Using the Flipgrid App (Download from App Store), pick 20 challenges from the list, have fun and be creative with them and create a short video of you completing your challenge.

While this is a non-competitive challenge, we encourage all young people to participate to the best of their ability and engage positively with the challenges set for them. Have fun and be as creative as possible while also taking the opportunity to develop new and exciting skills.

Why not try to push yourself a little further than you have before?

## WHO IS IT FOR?

The challenge is designed for young people 13-18 years from across Cork City and County.

# USING FLIPGRID

We have chosen to use FlipGrid as the preferred platform for the challenge. It has a social media type interface, but is not a public platform, only visible to those taking part. Check out the various topics and you will be able to share your short video responses.

To get started check out simple video [here](#).

Once you have the App downloaded and access code entered start exploring your challenges. It's as simple as click on the challenge you wish to complete. All the challenges have links and guides for you to get more information and signposts. The App allows you to upload video evidence of your challenge. Be creative – show a video collage, a video voice over, it could be a video diary or interviews, maybe a blog or a podcast? It's your platform, your voice!

Click the large green/white + button to begin recording and sharing your voice and challenge. Use the Emojis', doodles and other tools to make your video stand out.
