1. INTRODUCTION

Cork City Council currently has approximately 5,430 applicants on its social housing waiting list.

The Council is seeking to increase the number of social housing units being brought into use, through various delivery mechanisms, including the acquisition of turnkey units on greenfield/brownfield and/or unfinished housing development sites.

It is an objective of the Council to create sustainable communities by encouraging a greater mix of social and private housing. *Proposals for turnkey housing developments within areas of demand which do not currently have a concentration of social housing, will be particularly welcome.*

2.1.3 Proximity to Services/Amenities

Proposals should be well located within or very close to town/village boundaries and be within walking distance of primary services such as school, shop, community facility etc.

Where a zoning map for the town/village has been adopted by the Council, the zoning of the site in the relevant Local Area/County Plan must be compatible with residential development and should not, by virtue of its development for social housing, lead to an overconcentration of social housing in that area.

2.2 Submission Process

A Two Stage Process Will be Used

In the Stage 1 submission, basic information in relation to the proposed site location will be sought. *Only those site locations which are deemed acceptable to the Council following evaluation of Stage 1 submissions will progress to the Stage 2 submission and evaluation process*

2.2.1 Stage 1 Submission

The following information must be submitted:

- Details of individual or company submitting the proposal, including a contact name, address, phone number and email
- Site location map showing the proposed site and proximity of local services and amenities

Evaluation of Stage 1 Submissions

All Stage 1 submissions will be evaluated against three Pass/Fail criteria. Only those submissions which achieve a Pass mark against all three criteria, will move to the second stage of the process.

The three Pass/Fail criteria are as follows:

1. Location and Suitability of the Site for Social Housing **Pass/Fail**
2. Land Zoning Status (if applicable). Zoning must be compatible with residential development **Pass/Fail**
3. All necessary utilities available e.g. Water, Sewerage, Electricity, Communications etc **Pass/Fail**

Following evaluation of Stage 1 submissions, proposals which are deemed acceptable will move to Stage 2 in the process.

2.2.2 Stage 2 Submission

If your proposal has been advanced to Stage 2, you will be written to at that time under separate cover, outlining the full requirements in respect of the Stage 2 submission. In general, the following information/details will be required to be submitted for Stage 2:

- Part V: Proposals to comply with Part V Liability (Identification of Type of & quantity of units, location within the scheme, costs for same), or submission of an exemption certificate or letter of compliance if Part V obligation previously satisfied.

Evaluation of Stage 2 Submissions

Weighted criteria will be used to evaluate Stage 2 submissions.

The criteria will be used to rank submissions and will be of particular importance where the number of submissions received exceeds the Council's requirements in a particular area:
