Pobal and DRCD Voluntary Sector Reopening Assistance

Pobal working with the Department of Rural and Community Development (DRCD) has released a comprehensive webpage with guidance on how to re-open safely. The content is based on the current recommendations of the Government of Ireland, the Health & Safety Authority (HSA), the Health Service Executive (HSE) and other representative bodies. Here you will find resources, information and links to official Government and Public Health websites and a breakdown of steps which can be applied in relevant settings. The webpage can be found by visiting www.pobal.ie. The information and guidance detailed on this webpage has been prepared as a support with the Community & Voluntary sector in mind as organisations prepare to reopen essential community services and facilities. **There is a need for individuals and organisations to exercise personal responsibility and good judgment in their activities. This is especially important given the varied nature of the activities being undertaken.**

Bank Of Ireland's Begin Together Awards 2020

Bank of Ireland's *Begin Together* Awards recognise the spirit of enterprise and resilience in towns and cities across the Island of Ireland. They recognise those businesses and communities who came together to support local recovery and rebuilding in response to Covid-19. There are over 21 financial recognition awards available from a total prize fund of €210,000 with the overall winning town/city village/urban area awarded €50,000 and the title of Ireland's 'most enterprising town'. There is a 'rising star' category focusing on towns that have overcome major challenges and can demonstrate how they have achieved this. Entries for the awards is open until **24 August** 2020. The awards timeline and judging process has been amended in response to Covid-19 and government guidelines; it is important that any submission reflects the full extent of the work underway in a locality.
